

User Manual for The Stich Temu Catalog

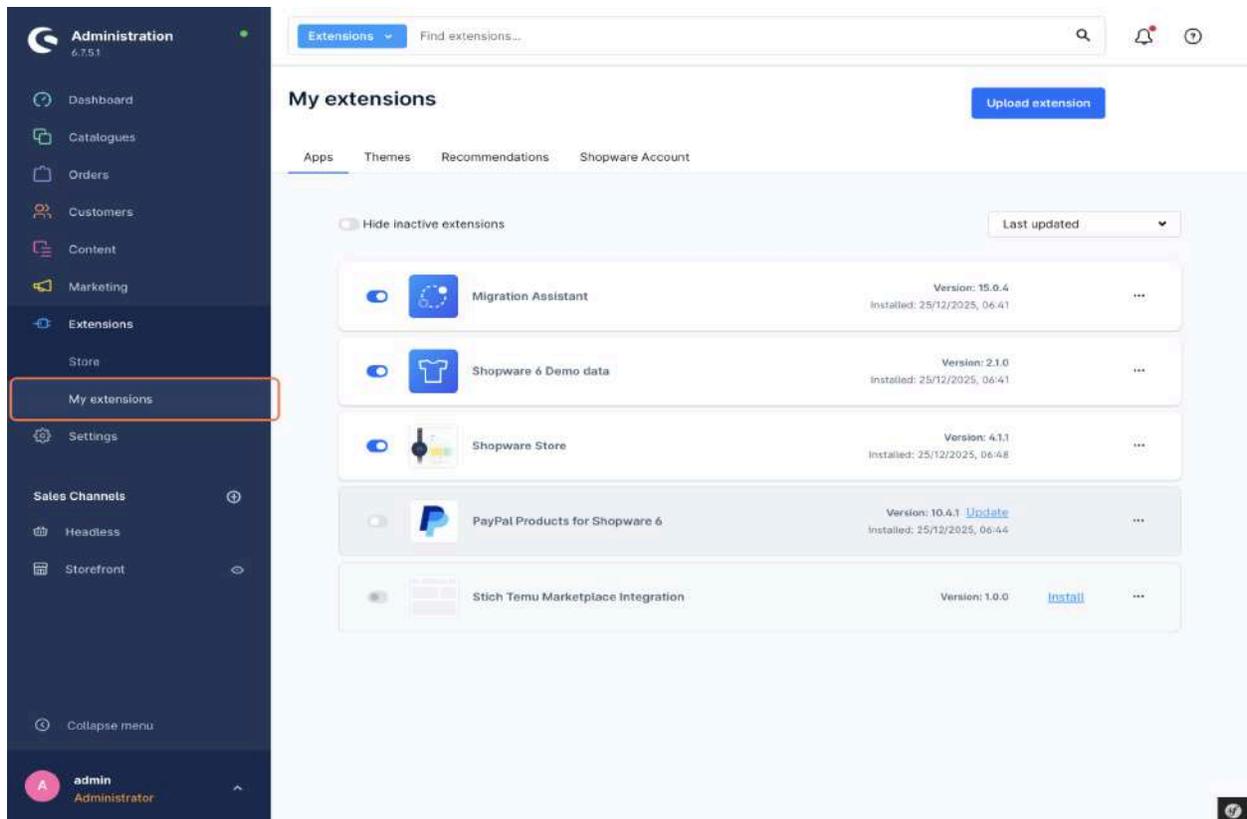

The Stich Temu Catalog allows merchants to synchronize their Shopware product catalog with the Temu marketplace. It provides full control over category mapping, attribute synchronization, product sync, and image uploads while tracking sync status for every product.

This guide will help you set up the plugin and start syncing products to Temu.

Plugin Installation, Configuration and Sync Categories

Once the plugin is added to your store, follow the steps below to make it functional:

1. Navigate to **Extensions** → **My Extensions** from the administration menu.

1.1 Locate **Stich Temu Marketplace Integration** and install it.

The screenshot displays the Shopware Administration interface. On the left is a dark sidebar with navigation options: Administration (6.7.5.1), Dashboard, Catalogues, Orders, Customers, Content, Marketing, Extensions (highlighted), Store, My extensions, Settings, Sales Channels, Headless, Storefront, Collapse menu, and a user profile for 'admin Administrator'. The main content area is titled 'My extensions' and includes a search bar, an 'Upload extension' button, and tabs for 'Apps', 'Themes', 'Recommendations', and 'Shopware Account'. A list of installed and available extensions is shown, including Migration Assistant, Shopware 6 Demo data, Shopware Store, PayPal Products for Shopware 6, and Stich Temu Marketplace Integration. The 'Stich Temu Marketplace Integration' extension is highlighted with a red box around its 'Install' button.

Extension Name	Version	Installed Date	Action
Migration Assistant	15.0.4	25/12/2025, 06:41	...
Shopware 6 Demo data	2.1.0	25/12/2025, 06:41	...
Shopware Store	4.1.3	25/12/2025, 06:48	...
PayPal Products for Shopware 6	10.4.1 Update	25/12/2025, 06:44	...
Stich Temu Marketplace Integration	1.0.0		Install ...

1.2 After installation, click on the **Configure** option.

Installed: 25/12/2025, 06:41		
Version: 4.1.1 Installed: 25/12/2025, 06:48		...
Version: 1.0.0 Installed: 09:08	Configure	...
Version: 10.4.1 Installed: 25/12/2025, 06:44	Update	...

1.3 Select your **Region** (EU, US, or Global) based on your Temu seller account.

1.4 Enter a valid **App Key**, **App Secret**, and **Access Token** from your Temu Partner Portal.

The screenshot displays the 'Administration' dashboard with a sidebar menu on the left. The main content area shows the 'Stich Temu Marketplace Integration' configuration page. A red box highlights the 'Temu API Configuration' section, which includes the following fields:

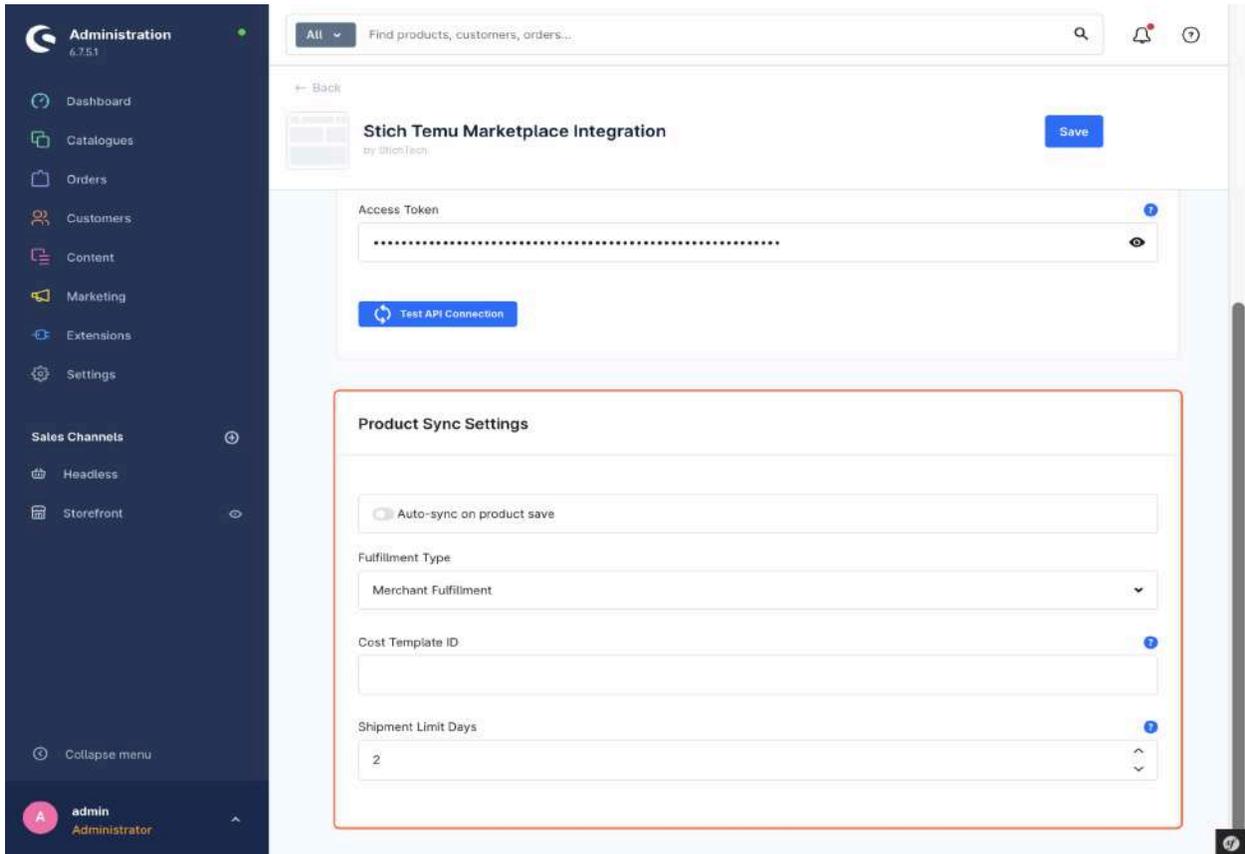

- Sales Channel:** A dropdown menu set to 'All Sales Channels'.
- Region:** A dropdown menu set to 'Europe (EU)'.
- App Key:** A text input field containing the value 'f860e759073f9d1e5c8bbeb7baac1dbf'.
- App Secret:** A text input field with masked characters and a visibility toggle.
- Access Token:** A text input field with masked characters and a visibility toggle.
- Test API Connection:** A blue button with a refresh icon.

Check the validity of your credentials by clicking the **Test** button.

Make sure that the provided API credentials match the region selected for your Temu seller account. Configuring Product Sync Settings

In the plugin configuration, under the **Product Sync Settings** section:

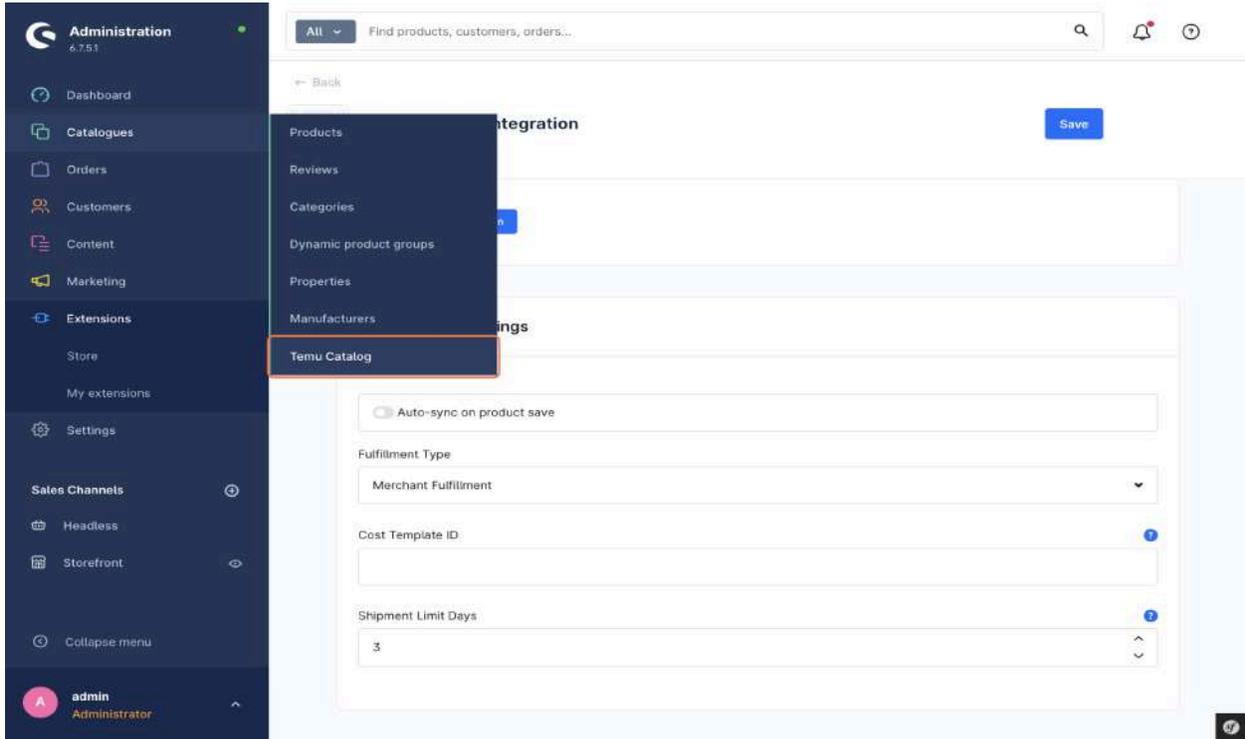

- **Auto Sync Enabled** — Toggle this on if you want products to sync automatically when saved. Default is off.
- **Fulfillment Type** — Select *Merchant Fulfillment* or *Temu Fulfillment* depending on your shipping arrangement.
- **Cost Template ID** — Enter the delivery options template ID from your Temu Partner Portal.
- **Shipment Limit Days** — Set the maximum number of days to ship. Default is 2.

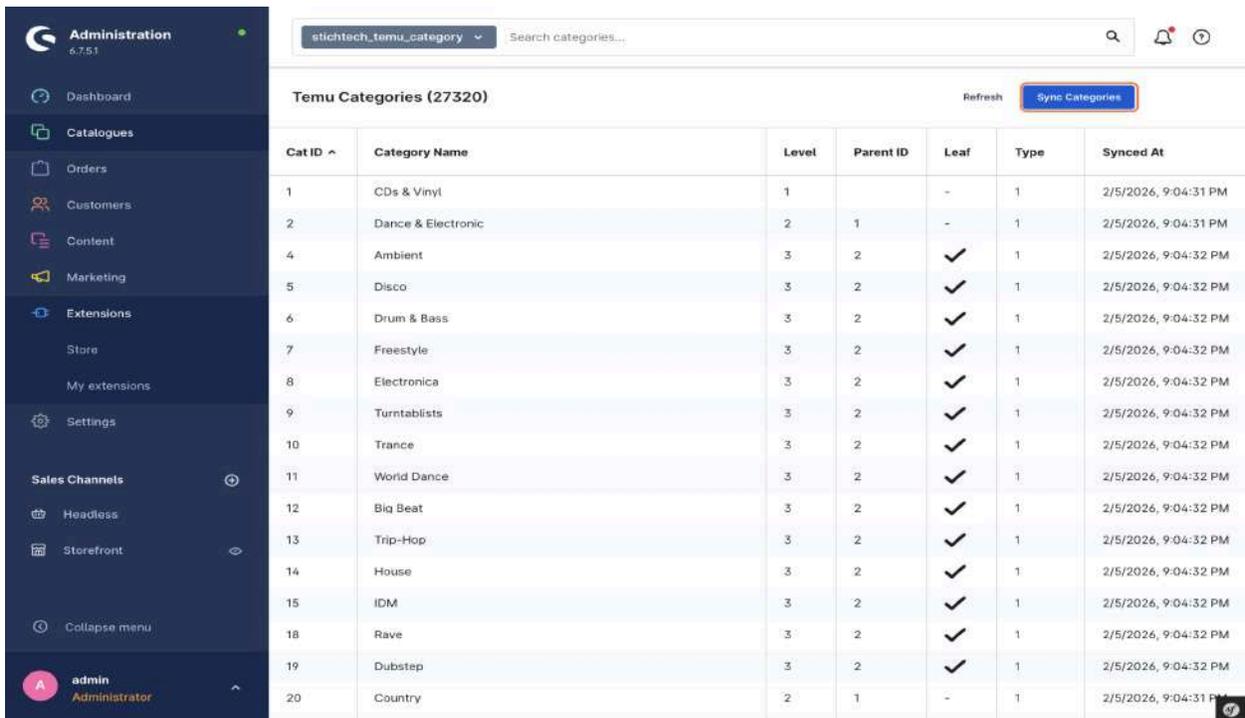

2. Syncing Temu Categories

Before syncing products, you need to import Temu's category structure:

2.1 From the administration menu, go to **Catalogues** → **Temu Catalog**.

2.2 Click the **Sync Categories** button to import all available Temu categories.

- The list will display each category with its ID, name, level, parent, and whether it is a leaf category.

Only leaf categories can be assigned to products. Parent categories are used for navigation purposes only.

Syncing Products to Temu

To sync a product to the Temu marketplace:

3. Navigate to **Catalogues** → **Products** and open the product you want to sync.

The screenshot shows a web application interface with a dark sidebar on the left and a main content area. The sidebar contains a navigation menu with items like Administration, Dashboard, Catalogues, Orders, Customers, Content, Marketing, Extensions, Store, My extensions, Settings, Sales Channels, Headless, Storefront, and Collapse menu. The 'Catalogues' menu item is expanded, and 'Products' is highlighted. The main content area shows a search bar with 'stichtach_temu_category' and a search button. Below the search bar is a table titled 'Temu Categories (27320)' with a 'Refresh' button. The table has columns for Level, Parent ID, Leaf, Type, and Synced At. The table contains 20 rows of data, including categories like Electronica, Turntablists, Trance, World Dance, Big Beat, Trip-Hop, House, IDM, Rave, Dubstep, and Country.

Level	Parent ID	Leaf	Type	Synced At

3.1 Click on the **Temu** tab in the product detail page.

The screenshot shows the Administration interface with the product detail page for 'Awesome Aluminum Teaky Freaky'. The 'Temu' tab is highlighted in the navigation bar. The page displays the following information:

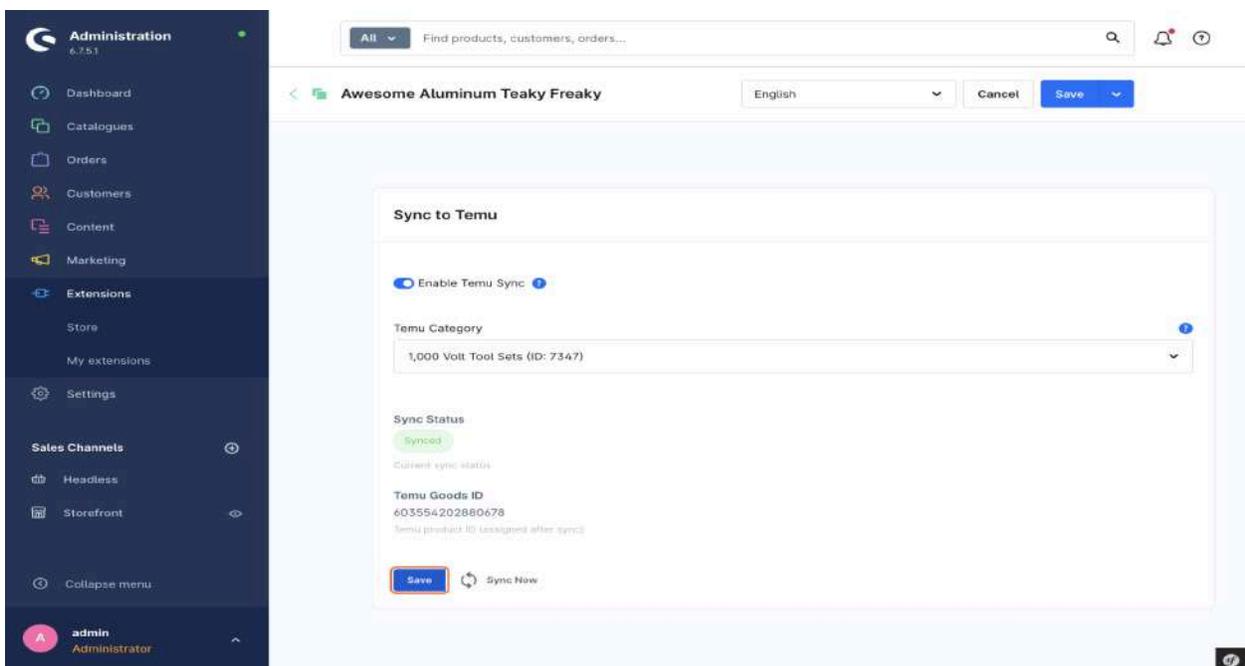

- Name:** Awesome Aluminum Teaky Freaky
- Manufacturer:** Lebsack Ltd
- Product number:** SW_019b5187182c71c997171c4e4404eb89
- Description:** Nisi occaecati aut qui in dolor sed aliquid commodi. Et sit nulla odio quo. Voluptatum libero error sit. Voluptatem dolorem illo ipsum nesclunt odio cumque ut dolor. Qui unde est ut quos.

3.2 Toggle **Enable Temu Sync** to activate synchronization for this product.

Select the appropriate **Temu Category** from the dropdown. Only leaf categories are shown.

3.3 Click **Save** to persist your category selection.

3.4 Click **Sync Now** to manually trigger synchronization.

The sync status will be displayed as a badge:

- **Pending** — Product is queued for sync.
- **Syncing** — Sync is currently in progress.
- **Synced** — Product was successfully synced to Temu.
- **Error** — Sync failed. An error message will be displayed with details.

Once synced, the **Temu Goods ID** will be shown as a read-only field for reference. Image Requirements

Temu requires a minimum of **3 images** and a maximum of **10 images** per product. If your product has fewer than 3 images, the plugin will duplicate the first image to meet the minimum requirement. Make sure your product images are publicly accessible URLs.
